

**Doing business with AAA Advanced Home Inspections has always been such a pleasure!**

**My clients have confidence in me to guide them through the purchase of their home. It is important to me that the companies I refer to assist through out this process are a reflection of how professional I strive to be as a Top Producer.**

**I have used Mike Myers on many occasions, and every time has been a wonderful experience. He conducts his business like a true professional, and is always very punctual. AAA Advanced Home Inspections offers Termite, Mold, Chinese Drywall, 4 Points and Wind Mitigation inspections all during the same appointment. He is a one stop shop. His pricing is excellent for the services rendered. He gives me a RALF package that is for the client and is great! Makes me stand out and the clients love them. Great idea.**

**There have been several occasions where Mike Myer's, and his business associate Tom with Drive Bye-Pest Control, have gone above and beyond my expectations to accommodate my clients. Even once as far as driving over a particular document that was necessary during a closing I recently had.**

**AAA Advanced Home Inspections has gone to great lengths to set up a user friendly website that my assistant has found very easy to navigate through. Having the option to call direct or set up online makes scheduling appointments much easier.**

**My assistant and I both agree that Mike's advanced computer generated reports with color pictures is exactly the kind of product we want our clients to receive. It is important to my business for my clients to have a clear understanding of what it is they are investing in.**

**It is my intention to always refer AAA Advanced Home Inspections for every home inspection needed!!**

Warmly,

*Sandee Mooney*
